

# PIONEERS OF CONTRACTOR

[WWW.MIAMIN.COM.SA](http://WWW.MIAMIN.COM.SA)

# **We work to achieve Vision 2030**

**Leveraging advanced engineering,  
contracting excellence,  
and integrated technology  
solutions to deliver exceptional  
value across the Kingdom of  
Saudi Arabia.**

**MIAMIN Limited**, established in 2015 in Saudi Arabia, specializes in constructing residential, commercial, educational, healthcare, and entertainment buildings, along with maintenance and cleaning services. The company has expanded its projects across the Kingdom, contributing to the growth of the contracting sector. Through continuous development, MIAMIN integrates advanced technical and engineering solutions to meet evolving industry demands.

**Our Mission** is To deliver innovative contracting and technology solutions that combine advanced technologies with construction expertise, ensuring sustainable growth and exceptional value for our clients. We strive to set industry standards through professionalism, reliability, and a commitment to customer satisfaction.

**Our vision** is to be a trusted leader in contracting and technology, recognized for professionalism, innovation, and customer satisfaction.

# Our Services

**MIAMIN Limited** provides end-to-end solutions, seamlessly integrating cutting-edge engineering expertise with robust contracting capabilities and specialized security systems.

Our service offerings are designed to meet the complex demands of modern infrastructure projects, ensuring innovation, reliability, and adherence to the highest industry standards.

# Our Services

## CONTRACTING SERVICES

Our contracting division excels in the physical realization of projects, executing with precision, safety, and efficiency from groundworks to final system integration.

**Excavation & Foundation:** Expert site preparation, earthworks, and construction of robust structural foundations.

**Conduit Laying & Cable Pulling:** Precision installation of pathways and cabling infrastructure for electrical, ELV (Extra Low Voltage), and ICT (Information and Communication Technology) systems.

**Installation & Testing & Commissioning for ELV & ICT Systems:** Full-spectrum installation, rigorous testing, and seamless commissioning of sophisticated ELV and ICT systems, ensuring full operational functionality and integration.

# Miamin Services

## Advanced Solutions

MIAMIN designs, installs, and integrates state-of-the-art physical security systems, creating safe, secure, and intelligently managed environments for our clients.

**CCTV System:** Comprehensive video surveillance solutions, including high-definition cameras, video management systems (VMS), and analytics for enhanced situational awareness.

**Public Address System:** Clear, reliable audio distribution for announcements, emergency notifications, and background music across facilities.

**Fire Alarm System:** Advanced fire detection and alarm systems designed for rapid response, ensuring occupant safety and regulatory compliance.

**Access Control System:** Sophisticated electronic access management solutions, controlling entry to secure areas and providing detailed audit trails.

**Audio-Visual System:** Integrated AV solutions for presentation, collaboration, communication, and entertainment purposes in diverse environments.
